

EPIPHANY

SERMON DISCUSSION QUESTIONS

Hence Comes the Healer || Pastor Brian Zahnd || February 13, 2022

1. Do you remember the first time you went to the doctor as a child? What was that experience like?
2. What is your experience with healing prayer? Have you prayed for the healing of others? Have you been the recipient of healing prayer?

Read Luke 6:17-26

3. What does the healing ministry of Jesus say about God's heart and intention for humanity?
4. How is the healing ministry of Jesus connected to his earthly mission?
5. What is the difference between sin as a legal infraction and sin as a disease?

6. While both images (sin as a legal infraction and sin as a disease) appear in Scripture, what is helpful about thinking about personal and systemic sin as a sickness?

7. We cannot explain *exactly* how the death of Jesus saves and heals us but we can look to Jesus with the eyes of faith and experience salvation and healing. Is this sufficient for you or do you need to know how?

8. In what areas of your life, family, or community need healing?

9. Take time to pray for one another.
